

July 2020

Dear Parent/Guardian

I hope you and your families are keeping well and navigating this strange time. I am getting in touch to update you on your son/daughter's GCSE Fine Art/3D course. As you will be aware, one of your child's option subjects is as listed above. We as a faculty are very much looking forward to seeing all the work that your child has been producing during lock down. Due to the current situation with Coronavirus and the practical nature of the course they are studying, your child will be required to have their own resources and stationery to work with in the classroom/workshops when they return to school.

I have listed below the equipment that your child will need; the information in brackets indicates which subject it will be needed for. On return to school in September your child will be able to purchase one of these packs from school, at the cost indicated below. This will be payable via Parent Pay and I will be in touch in September to organise this. Your child may have purchased this pack at the start of Year 10, in which case they will be able to continue using the equipment; equally, they might require a top up of some items.

You do have the option to purchase this equipment yourself if you would prefer. Similar items can be purchased from both Amazon and The Works.

Please be mindful that as a minimum, on return to school your child will need a pencil, rubber, sharpener and black biro/pen. Subject specific materials and equipment will be available for your child to use within the classroom and workshops; please rest assured that we will be adhering to strict hygiene standards.

If you have any further questions about the equipment required, the packs or the work that needs to be completed, please email me: [Claire.morris@ninestiles.org.uk](mailto:Claire.morris@ninestiles.org.uk)

	Tick to order		Tick to order
